PROFESSIONAL SUMMARY

Creative and results-driven Frontend Developer specializing in building responsive, user-friendly web applications using React, Angular, TypeScript, and modern UI libraries. Demonstrates strong problem-solving skills, a clean coding approach, and the ability to work in agile teams. Passionate about designing seamless user interfaces with great performance and accessibility. Proven ability to take projects from concept to deployment with scalable architecture and reusable components

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript, TypeScript, SASS

Frameworks & Libraries: React.js, Angular, Redux, Next.js, Tailwind CSS, Bootstrap

Tools & Platforms: Firebase, Git, GitHub, Visual Studio Code

Practices: Responsive Design, Component-Based Architecture, Agile Development, Version Control

EXPERIENCE

Frontend Developer (Part-time)
Hafah · May 2024 – Present

- Utilized HTML, SASS, and Angular to design and implement responsive UI components, ensuring cross-browser compatibility and mobile-friendly design.
- Applied agile methodologies to streamline project management, enhance collaboration, and deliver incremental improvements efficiently.

Frontend Developer (Freelancer)
Posty-5 · Aug 2024 – Feb 2025

- Built modern, mobile-responsive UI components with Angular and SASS
- Ensured cross-browser compatibility and clean semantic HTML/CSS structure
- Worked within agile sprints and delivered client-facing features efficiently

MERN Stack Developer (Intern)
NTI (National Telecommunication Institute) · Aug 2024 – Sep 2024

- Gained hands-on experience with TypeScript, Node.js, MongoDB, and Angular, focusing on building robust, scalable web applications and mastering modern development practices.
- Attended sessions on freelancing, learning effective strategies for client communication, project management, and building a successful career as an independent developer.

PROJECTS

Met2ashra
React, Firebase, Redux, Tailwind, Radix UI

- Built a task-tracking dashboard with authentication, calendar view, and admin panel
- Used React Hook Form with Zod for form validation and state handling
- Ensured mobile responsiveness and accessibility across screen sizes

Climate-Codex
React, Redux, Tailwind, react-leaflet

- Developed a data visualization dashboard to display environmental data
- Implemented interactive maps and real-time chart updates via dynamic APIs
- Designed smooth UI transitions and scalable layout for future expansion

ToDo Web App
React, Redux, Tailwind CSS

- Developed a full-featured to-do platform with daily reminders and random quote integration
- Added filtering, custom views (completed/favorites/deleted), and progress tracking
- Focused on clean UI, transitions, and local state management

EDUCATION

Bachelor of Computer Science
Mansoura University, Egypt · Sep 2021 – Jun 2025 (Expected)
